Since the early part of the 21st century, entrepreneurial businesses have helped to establish Somerville as a great city to innovate and develop more sustainable practices and products. Today, 599 Somerville is located in the heart of the city and its growing super cluster of global innovators and pioneers.

A lively ecosystem to support work and life.

[menu](#)

599 Somerville sits within a place of innovation and community that is heavily populated with creative, technology and engineering professionals who thrive within the Somerville atmosphere. Take advantage of a vast mix of neighborhood amenities and excellent transit options, including bike lanes, buses, rideshare, and pedestrian-friendly walkways, right outside your front door!

Somerville is home to yearly public events and festivals dedicated to art, ingenuity, music, and community-building.

Close to Somernova, a playground for doers.

Somernova is a 7.4 acre campus for innovation and community, a few blocks down Somerville Avenue. It's a holistic support system designed to help people and companies at all stages of growth. The amenity package is curated for daily rebalancing of the mind, body, and more.

CAMPUS SOCIALS AND EVENTS	Campus social events throughout the year designed by and for members of the Somernova community.
WELLNESS	Vision clinics and mobile dentistry, access to behavioral health experts – our campus healthcare services are rapidly expanding. Your health is our priority.
COMMUNITY PARTNERSHIPS	We facilitate and initiate partnerships between our tenants and local organizations, municipalities, and non-profits, to further our shared commitment to making this world a better place.
TENANT MEET-UPS	Informal monthly meetups for tenants to share ideas, learn about upcoming events, and discuss ways to iterate and improve campus services.
PROFESSIONAL SERVICES	Professional headshots and retirement planning, accounting advisors, career development, and more.

Knowledge is opportunity.

TENANT SIGNAGE

Opportunity for highly visible exterior signage on the well-trafficked Somerville Ave

LEED CERTIFICATION	LEED Platinum Certifiable
CEILING HEIGHTS	14'-0" floor-to-floor height on the Ground Floor 14'-0" floor-to-floor height on the Second Floor 14'-0" floor-to-floor height on the Third Floor
LOAD CAPACITY & VIBRATION PERFORMANCE	Floor systems on typical floors have a live load capacity of 100 PSF The building structure was designed to achieve 8,000 MIPS with areas close to beams achieving 4,000 MIPS
LOADING AREA	Loading dock including loading bay, dock equipment, trash, recycling
ELEVATORS	One 2,500 lbs. passenger elevator servicing garage and tenant floors One 5,000 lbs. freight elevator servicing levels 1 to 3
HVAC SYSTEM	The base building HVAC System is designed to support a mix of 60% laboratory and 40% office uses on tenant floors
ELECTRICAL SYSTEM	Summary of Total TI Use: Lab Spaces (60% of usable SF): 16 W/SF Office Spaces (40% of usable SF): 9 W/SF
PARKING	33 Spaces

Define your space with purpose.

[menu](#)

Thoughtfully adapted for life science and industrial R&D, workspaces feature large floorplates and load capacity, reinforced columns, high electrical power and lab-supporting HVAC systems. The high ceilings and open, spacious floorplan welcome lab, creative office, and tough tech tenants.

Tough for engineering and tech.

[menu](#)

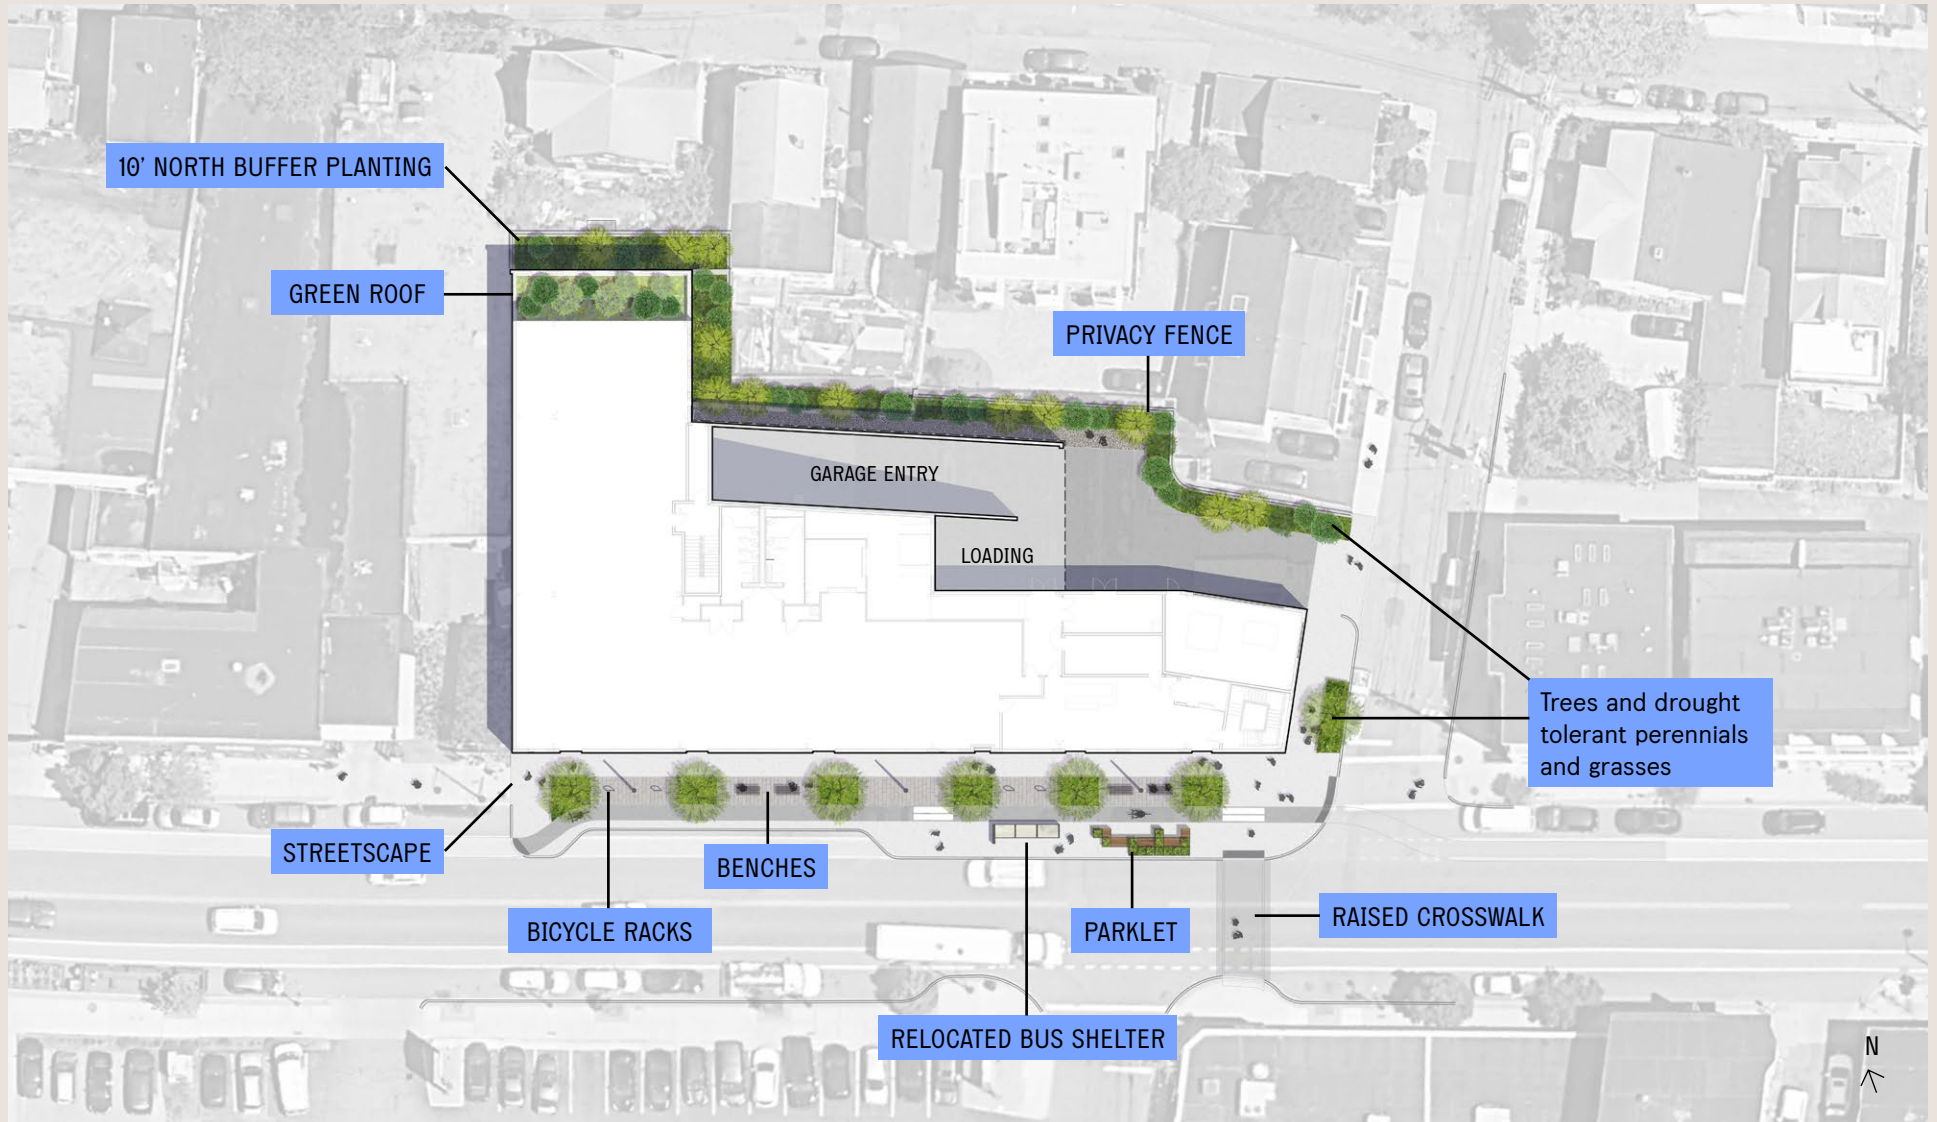

Responding to the emerging needs of tough tech companies, the robust infrastructure and specifications support the complex and flexible needs of engineering, tech, and science. 599 Somerville workspaces invite innovation and collaboration.

A thoughtful and welcoming public realm for all.

Native plantings surrounding the perimeter of the property will bring a greater connection to nature for the neighborhood and building tenants. On Somerville Avenue, a re-imagined streetscape is expanded to host a parklet for gathering and a new and more accessible bus shelter.
